

§ 10.780 Transshipment of non-originating fabric or apparel goods.

(a) *General.* To qualify for preferential tariff treatment under an applicable TPL, a good must be imported directly from the territory of a Party into the territory of the other Party. For purposes of this subpart, the words “imported directly” mean:

(1) Direct shipment from the territory of a Party into the territory of the other Party without passing through the territory of a non-Party; or

(2) If the shipment passed through the territory of a non-Party, the good, upon arrival in the territory of a Party, will be considered to be “imported directly” only if the good did not undergo production, manufacturing, or any other operation outside the territories of the Parties, other than unloading, reloading, or any other operation necessary to preserve it in good condition or to transport the good to the territory of a Party. Operations that may be performed outside the territories of the Parties include inspection, removal of dust that accumulates during shipment, ventilation, spreading out or drying, chilling, replacing salt, sulfur dioxide, or other aqueous solutions, replacing damaged packing materials and containers, and removal of units of the good that are spoiled or damaged and present a danger to the remaining units of the good, or to transport the good to the territory of a Party.

(b) *Documentary evidence.* An importer making a claim for preferential tariff treatment under an applicable TPL may be required to demonstrate, to CBP’s satisfaction, that the good was “imported directly” from the territory of a Party into the territory of the other Party, as that term is defined in paragraph (a) of this section. An importer may demonstrate compliance with this section by submitting documentary evidence. Such evidence may include, but is not limited to, bills of lading, airway bills, packing lists, commercial invoices, receiving and inventory records, and customs entry and exit documents.

§ 10.781 Effect of noncompliance; failure to provide documentation regarding transshipment of non-originating fabric or apparel goods.

(a) *Effect of noncompliance.* If an importer of a good for which a TPL claim is made fails to comply with any applicable requirement under this subpart, the port director may deny preferential tariff treatment to the imported good.

(b) *Failure to provide documentation regarding transshipment.* Where the requirements for preferential tariff treatment set forth elsewhere in this subpart are met, the port director nevertheless may deny preferential tariff treatment to a good for which a TPL claim is made if the good is shipped through or transshipped in a country other than a Party, and the importer of the good does not provide, at the request of the port director, evidence demonstrating to the satisfaction of the port director that the requirements set forth in § 10.780 of this subpart were met.

ORIGIN VERIFICATIONS AND
DETERMINATIONS

§ 10.784 Verification and justification of claim for preferential treatment.

(a) *Verification.* A claim for preferential treatment made under § 10.763 of this subpart, including any declaration or other information submitted to CBP in support of the claim, will be subject to such verification as the port director deems necessary. In the event that the port director is provided with insufficient information to verify or substantiate the claim, the port director may deny the claim for preferential treatment.

(b) *Applicable accounting principles.* When conducting a verification of origin to which Generally Accepted Accounting Principles may be relevant, CBP will apply and accept the Generally Accepted Accounting Principles applicable in the country of production.

§ 10.785 Issuance of negative origin determinations.

If, as a result of an origin verification initiated under this subpart, CBP determines that a claim for preferential tariff treatment made

§ 10.786

19 CFR Ch. I (4–1–10 Edition)

under § 10.763 of this subpart should be denied, it will issue a determination in writing or via an authorized electronic data interchange system to the importer that sets forth the following:

(a) A description of the good that was the subject of the verification together with the identifying numbers and dates of the export and import documents pertaining to the good;

(b) A statement setting forth the findings of fact made in connection with the verification and upon which the determination is based; and

(c) With specific reference to the rules applicable to originating goods as set forth in General Note 27, HTSUS, and in §§ 10.769 through 10.777 of this subpart, the legal basis for the determination.

GOODS RETURNED AFTER REPAIR OR ALTERATION

§ 10.787 Goods re-entered after repair or alteration in Morocco.

(a) *General.* This section sets forth the rules that apply for purposes of obtaining duty-free treatment on goods returned after repair or alteration in Morocco as provided for in subheadings 9802.00.40 and 9802.00.50, HTSUS. Goods returned after having been repaired or altered in Morocco, whether or not pursuant to a warranty, are eligible for duty-free treatment, provided that the requirements of this section are met. For purposes of this section, “repairs or alterations” means restoration, addition, renovation, re-dyeing, cleaning, re-sterilizing, or other treatment

which does not destroy the essential characteristics of, or create a new or commercially different good from, the good exported from the United States.

(b) *Goods not eligible for treatment.* The duty-free treatment referred to in paragraph (a) of this section will not apply to goods which, in their condition as exported from the United States to Morocco, are incomplete for their intended use and for which the processing operation performed in Morocco constitutes an operation that is performed as a matter of course in the preparation or manufacture of finished goods.

(c) *Documentation.* The provisions of § 10.8(a), (b), and (c) of this part, relating to the documentary requirements for goods entered under subheading 9802.00.40 or 9802.00.50, HTSUS, will apply in connection with the entry of goods which are returned from Morocco after having been exported for repairs or alterations and which are claimed to be duty free.
